ROWELL IS SMOKED OUT

Editor Favors Grabbing Republican Party If Necessary

No Scruples About Doing Politics With Old Organization

RESNO, Nov. 6.—The following article appears in the Republican, edited by Chester Rowell:

A PRIVATE LETTER.

"The Knave in last Sunday's OAKLAND TRIBUNE, had the following reference to a personal letter written by the editor of the Republican:

Rowell will be surprised perhaps to learn that a confidential letter he wrote to a close Progressive party associate was inadvertently, and as far as he is concerned unfortunately, included in the wrong envelope and is now in a safe, awaiting developments. In this letter Rowell discussed fully and very freely the Progressive situation in the State, declaring that while a final policy had not as yet been determined upon it might be necessary for the Progressives to again 'grab' the Republican name to win, but if results could be obtained that the (Rowell) would have no scruples against such a drastic course. As Rowell's paper has been most bitter against the Republican party, insisting that it was dead, these expressions of Rowell's are to say the least amusing. It might be added that they were written before the Democratic slump through the East. His letter was written since. This letter when published will be a handicap if Rowell attempts to 'grab' the Republican nomination.

WRITTEN TO DAVIS.

"The letter referred to was written on September 15 of this year, to H. E. Davis, editor of the San Bernardino Index. It is printed in full below. On the same day, the writer also wrote to Congressman Dennis S. Chavez in Washington, and the two letters got by accident into each other's envelopes.

"Mr. Davis, of course, at once returned the letter addressed to Congressman Chavez and the writer forwarded it to Mr. Church in Washington and sent to Mr. Davis another copy of the letter which had been written to him. The original letter addressed to Mr. Davis has never reached either him or the writer, though it was the subject of conversation and comment among members of the California delegation in Washington.

How the letter got from Congressman Church's files to the mysterious 'safe' in San Francisco or Oakland, and to the knowledge of the TRIBUNE'S Knave, we do not know. Inquiry has been made of Mr. Church, and of course, since the rest of the matter has been made public, any information he may be able to furnish

TO DECIDE TIME FOR 200 SALOONS TO GO

City Commissioners Endeavor to Arrive at Agreement

The city commissioners met in executive session this afternoon, in executive session, over the new liquor ordinance. An attempt is being made to reach an agreement as to the period of time that will be allowed before the saloons in Oakland must be reduced to 200, in accordance with promises made by the city council.

Mayor Mott announced today that he hoped to bring the ordinance to a vote tomorrow. It was announced that the plan was to have the ordinance passed by the city council on Monday, Nov. 11, 1913.

CHARITY WORKERS' FEUD BREAKS OUT

Oakland Women Deny Dissatisfaction Over Scott Benefit

By declaring, in her fight against A. W. Scott Jr., for an accounting of the theatrical performances given by his wife for charity, that the Oakland clubwomen were also dissatisfied, Mrs. Lloyd Osbourne, who started the fight across the bay, has also started what may develop into a bitter feud between Oakland and San Francisco charity organizations. Mrs. Osbourne declares that the recent presentation of "Magda" and "Mary Magdalen" by the society woman resulted in no accounting being made to the Happy Day Home, supposed to have benefited by the affair. She will not be joined in her fight by the Ladies' Relief Society of Oakland. Mrs. Osbourne yesterday, in her charges against Scott, declared that the Oakland society was also dissatisfied with Scott's treatment of them. This morning she was contradicted by members of the society.

LOCAL WOMEN PROTEST.

At the meeting of the directors of the organization this morning, Miss Osbourne presented a spirited protest against Mrs. Osbourne's statement, as far as Oakland is concerned, and a feud is threatened which may split the Oakland clubwomen were dissatisfied. Miss Brown declares that they were disappointed at the poor houses to which the amateur star played, but that there was no hint of dissatisfaction in Scott's dealings with the organization. "In fact," declared Miss Brown, "Mr. Scott was more than fair to us."

CHIEF OF COLUSAS VISITS OAKLAND

Seeks Advancement of Indian and Money for School Houses

"No more war cries and no more traditional customs for the Indians of California," declared Captain Thomas Odoek, chief of the Colusa band of Indians, who was a visitor at the Oakland public museum yesterday and the guest of C. P. Wilcomb, curator of that institution. Having the interest of his race at heart, Captain Odoek, who is head of the tribe of 75 Indians, said that he is now working for the educational advancement of his people and that he will live and die for the cause. He is now endeavoring to raise money for district schoolhouses for the Indians. The United States government is now constructing schoolhouses in various parts of Northern California to be used exclusively for the Indians.

Chief Odoek is one of the trustees of the district school in Colusa, where 15 Indian children are availing themselves of the scholastic privileges. At the age of 53 years, the chief registers as a student, and he has begun to study how to write. He does not read. He wants to learn how to read so that he may impart his knowledge to his race, of which he is very proud.

The chief stated that the Indian boys and girls would rather go to school than eat, as they are anxious to be useful citizens as well as an enlightened people. "There are 1000 boys and girls of the Indian race attending the government schools," said Chief Odoek, "and some youngsters with no educational privileges. The Indians have expressed a desire to be educated."

DECISION IS ALL IN HIS FAVOR

Triumphs Over the Men Who Have Sought to Tie His Hands

Capitalist Wins in Opinion Given on Three Propositions

SAN FRANCISCO, Nov. 6.—F. M. Smith, the Oakland millionaire, today achieved a distinct victory over his adversaries who have been attempting to plunge him into bankruptcy.

Federal Judge Maurice T. Donlin rendered an opinion granting him an open hearing and practically deciding in his favor on three separate considerations.

Thus ends the first skirmish between Smith, who has placed his affairs in the hands of a committee of prominent citizens acting as his trustees, and those who sought to tie his hands and prevent him from winding up his transactions and determining the value of the numerous undertakings in which he has so long successfully engaged.

Attorneys Peter F. Dunne and Walter D. Mansfield, representing Smith, sought last month to obtain for him an open hearing in order that, instead of plunging him into the bankruptcy court, he might be allowed to liquidate the claims of those who had seen fit to bring the present suit.

This move was vigorously opposed by Judge Milton Green and Attorney William Humphrey representing L. O. P. Dicker, E. E. Gilman, Albert Harford and J. M. Kane, who represented to the court that the case should be forced to follow the usual routine of examination before the referee in bankruptcy.

THREE POINTS COVERED.

In his decision today, which is a lengthy one, Judge Donlin asks three questions:

First—Have a sufficient number of creditors joined in the petition?

Second—Do they hold claims against the respondent of the amount required by the statute?

Third—Should these matters be determined in the manner suggested (at an open court hearing)?

On the first two questions the court declares he has not made up his mind, but on the third he is convinced, namely, that Smith should be given an opportunity to

Beiliss Name Barely Mentioned to Jury

KIEV, Russia, Nov. 6.—The name of Beiliss, the man standing trial for the alleged murder of Andrew Yushinsky in March, 1911, was barely mentioned in the closing speech of counsel for the prosecution today. Toward the end of his address, however, the prosecutor expressed his profound conviction that Beiliss was guilty and remarked that the accused had been seen dragging young Yushinsky toward the brick furnace, where Beiliss was employed.

Counsel for the prosecution argued that the only medical and mental expert testimony worthy of credence was that brought forward by the prosecution. He especially praised Professor Sihorski, who, he said, "notwithstanding illness and his knowledge of the storm which would burst on him he has not feared to come into court and testify that the crime had been committed by Jewish fanatics, with the object of obtaining blood."

NEW YORK, Nov. 6.—The so-called John Doe investigation into the charges of Tammany corruption made during the recent municipal campaign by John A. Hennessy was resumed today by District Attorney Whitman.

The district attorney has been supplied with a list of forty-three firms and individuals said to have given Tammany money which was never reported.

DEAL MEANS MUCH FOR OAKLAND

Absorption of Antioch Route by Western Pacific Likely

Oakland, the terminal of the Southern Pacific, the Western Pacific and the Oakland, Antioch and Eastern railways cannot help but benefit from the proposed merger of the Western Pacific and Oakland-Antioch lines, to complete arrangements for which president of the Missouri Pacific system will arrive here this afternoon.

Never before since the Gould road was first projected and the work of making a new mole paralleling that of the Southern Pacific on the Alameda shore has the situation been more interesting. There seems no doubt that the Oakland, Antioch and Eastern and the Western Pacific will combine and the facilities thus given the Gould system will force the Southern Pacific to battle not only for the local traffic between here and Sacramento, but for the through business to the East.

ARRIVE AT SACRAMENTO.

President Bush, with Vice-President C. M. Levey, who met him yesterday in Nevada, and Division Superintendent E. W. Mason, of Sacramento, arrived in the capital city this morning after being transferred across a wreck above Oroville. Bush is accompanied by members of his staff and several Eastern bankers, and by E. L. Baum, another vice-president of the road, who met the special on the Denver and Rio Grande on Tuesday.

W. A. Arnstein and Samuel Nathaniel, of the Oakland and Antioch, awaited the arrival of the party in Sacramento and accompanied them.

Atlantic Battleship Fleet Ordered to Remain at Vera Cruz

Pacific Vessels Receive Orders Changing Program

MEXICO CITY, Nov. 6.—The purposes of General Huerta were voiced this morning by a person who is close to the provisional president. The president is determined to reject all the demands set forth in the latest American communication and is resolved to seat the Congress just elected.

If Congress, however, declares the recent presidential election null and void and makes arrangements for another election, General Huerta would be disposed to abide by this decision and submit to the people's choice of a man who would occupy the presidency until the autumn of 1916.

WASHINGTON, Nov. 6.—The battleships Louisiana, New Hampshire and Michigan, of the second division of the Atlantic fleet, which were to be relieved from duty in Mexican waters by the third division, were today formally ordered to remain at Vera Cruz.

Orders were issued for the armored cruiser California to remain in Pacific-Mexican waters, although the original orders were for the Pittsburgh to relieve the California.

STILL NO COMMENT.

The news that Huerta would reject the American demands for his elimination was received in official circles without comment. Secretary Bryan had a long conference with President Wilson. Chairman Bacon of the Senate foreign relations committee was an early White House caller. Talk

THIEF GETS LOOT WORTH \$4000 DINSMORE HOME ROBBED OF VALUABLES

The home of Paul A. Dinsmore, 308 Jayne avenue, was broken into last night by a burglar who forced a front window and stole jewelry and silverware valued at \$4000. Dinsmore is salesmanager for Wickham Havens. The burglar entered the home after waiting for Mr. and Mrs. Dinsmore to leave home to go to a dinner party, and then entered the house.

A diamond and amethyst necklace belonging to Mrs. Dinsmore, brooches, bar pins, bracelets and other jewelry, 23 scarf pins valued at over \$1000, and a large amount of silverware were carried away in two large suitcases taken from the residence. The thief worked rapidly, and succeeded in leaving the upper rooms in the house before he was frightened away.

The burglar gained entrance by forcing a different line from the famous blind. The fact that Mrs. Dinsmore wore her diamond rings and some other jewelry saved this, but Dinsmore lost a large amount of jewelry, including 23 gold

WILL QUELL CAR STRIKE RIOTING

Governor Announces He Will Declare Martial Law

"Men Being Assaulted and Killed," Executive's Reason

INDIANAPOLIS, Nov. 6.—The entire state militia of Indiana has been ordered out by Governor Ralston on account of the street car strike here. The Governor also has announced that he would declare martial law. All of the troops are expected here this afternoon.

The Governor's decision was reached after the conference yesterday with city officials, representatives of clubs and organizations had failed to reach any agreement on a possible means of settling the strike. The rioting yesterday when the street car company tried to run a car gave the additional reason for his action.

The Governor said he regretted that the troops had to be called out but that the situation was critical, and he would not delay longer.

"Men are being assaulted and killed," said Governor Ralston. "Property is being destroyed and there is rioting in the streets, which the city authorities have not controlled, and I feel it is my duty to take this drastic action."

The Governor was up all night with Brigadier-General W. J. McKee perfecting arrangements for getting the outside companies to Indianapolis. The Indianapolis National Guard numbers about 2000 soldiers, including three batteries of artillery.

LABOR MEN PROTEST.

Labor leaders protested to Governor Ralston against his action. John J. Keegan, member of the last legislature, told the Governor he was going to organize the strikers and meet the militia at the trains.

M. L. Clawson, a labor attorney, on behalf of the strikers, filed a written protest with the Governor against the State interfering in the strike. The protest asserts that the police and sheriff have not exhausted their powers, and for this reason the State should not interfere.

STRIKERS HOLD MASS MEETING.

A mass meeting of strikers at noon, on the state house lawn, was attended by a large crowd. Speeches were made by J. J. Thorpe, first vice-president of the Amalgamated Association of Street and Electric Railway Employees of America; Cal Wyatt, organizer of the American Federation of Labor; State Senator Henry Harmon, Prosecutor Frank Baker and M. L. Clawson, the labor attorney. All the speakers urged there be no violence and that the strikers should assist in preserving law and order. When it was announced that the militia would be here today the crowd jeered.

A SORE THROAT
Depresses the Whole System to Core.

Catarrh of the throat is not only an annoying disease of itself, but it exposes the victim to many other diseases. It is constantly breathing into our throats numerous atoms of germs, disease germs of all sorts.

This cannot be avoided. If the throat is healthy the system is protected from these poisonous germs. But if the throat is diseased, by catarrh, then the disease germs have easy access to the system.

Keep the throat well and clean. This is the way to protect yourself against contagious diseases. Gargle the throat, as explained in the new book, "The Sore Throat."

Dr. W. D. Barnes, of McMinnville, Tenn., used to be sheriff of Warren County, Tennessee. From exposure to the elements he acquired throat trouble. He supposed that his health was entirely ruined, in spite of all the treatment he could procure.

After using four bottles of Peruna he claims he was entirely restored to health. Mr. Barnes says: "I had throat trouble for three years. It was so bad that I could not do any good, and pronounced my health gone. I concluded to try Peruna, and after using four bottles can say I was entirely relieved."

Those who object to liquid medicines can now procure Peruna Tablets.

TWO BIG SHIPS WILL CARRY 1915 PASSENGERS

SEATTLE, Nov. 6.—Orders have been given to the Fairfield Shipbuilding Company by the Canadian Northern Railway Company of Glasgow, Scotland, for the construction of two turbine vessels to steam 20 knots, says a report from Vancouver, B. C. It is stated that the two new vessels, which will be known as the Duke of Connaught and the Duke of Clarence, will be used by the Canadian Northern Railway on the Pacific Coast in its bid for traffic to and from the San Francisco exposition. The vessels will run between Port Mann, the C. N. R. terminal point on the Fraser river, and San Francisco, by way of Vancouver and Victoria. The orders were given by Vice-president H. J. Macdonald of the Canadian Northern, who is in charge of the shipping department of the railway. He has offices in Toronto.

It is expected that the ships will be used exclusively in traffic to and from the San Francisco exposition. After that the vessels, it is said, would be used in competition with Oregon shippers for a portion of the grain traffic between California and Mexican ports.

VESSEL GOES ASHORE; FIVE PERISH

Abandon Ship Unnecessarily and Lives Are Lost.

Fishing Schooner Works Off Shoals and Is Picked Up at Sea.

PORTLAND, Me., Nov. 6.—Nine members of the crew of the Gloucester fishing schooner Annie M. Parker, which was picked up Monday with all sails set and her hold full of fish by the British steamer Astrakhan, 90 miles east of Nantucket, and which was abandoned at sea, were brought here last night.

The story told by the survivors of the Annie M. Parker's crew solves the mystery as to why a vessel apparently seaworthy and safe has been abandoned.

The men of the Annie M. Parker were brought here by the lumber schooner Tifton from Jacksonville which picked them up in dories thirty miles off Nantucket Sunday morning after they had been adrift in small boats for 24 hours without food or drink. They reported that the vessel was picked up by the Astrakhan, a Russian steamer, and that the crew was abandoned on the coast of Maine.

Henry Nelson of Beverly, son of the captain, was left behind on the Boston fishing schooner Josiah P. Phoebe, escorted from his experience but hoping to find trace of his father.

Until they reached here they were ignorant that they had abandoned their vessel unnecessarily and that the loss of life might have been avoided.

It is reported that the Annie M. Parker, bound home from the fishing grounds off New England with a full catch was driven off her course by adverse winds and went aground on the Rose and Crown shoals off the Nantucket coast Saturday morning.

The vessel was being wrecked and pounded by heavy seas and the crew agreed with Captain Nelson that their only hope of safety lay in getting clear of the craft. So they abandoned her. Evidently the vessel later worked off the shoals in deep water and drifted unharmed to where she was picked up.

FRANCE ADMIRES PIEDMONT HOMES

From far away France comes notice of appreciation of the beauty of Piedmont homes and gardens. Mayor Hugh Craig has received a letter from the Association des Cités Jardins de France at Paris in which the French authorities are commending the beauty of the most typical residences in your city.

These photographs are to be used for publication and for lectures delivered under the auspices of the French garden city and town planning association. The president of this distinguished body is Senator Estournelle de Constant, one of the famous publicists in France. It appears that the officials of this society have heard of Piedmont through an American publisher who has printed views of the beauty spots of that city. Mayor Craig has forwarded to Paris photographs of Piedmont where they will be placed on exhibition.

WOMEN DRAWN FOR GRAND JURY DUTY

San Mateo Has Distinction of Being Pioneer in Selection of Females.

SAN MATEO, Nov. 6.—This county has the distinction of being the first in the United States to have a grand jury upon which women are members. Judge Buck of this place, in drawing the members of the grand jury for the investigation of the county administration, selecting but eight of the so-called sterner sex, while the women have eleven representatives of the 19 chosen on the body. It seems, however, that several of the appointees are not eligible to do jury duty, because of failure to comply with the statutes. Some of the women are not on the assessment rolls and therefore not eligible to serve.

Mrs. Mary E. Miller, secretary of the Board of Education of Burlingame, is one of these and other members are said to be in a similar position.

Mrs. Della F. Spillman, who is in the great register as a voter in Colma, is said to be a resident of San Jose, having sold her San Mateo county residence four months ago, and to add to it all, there is the Attorney-General's opinion that women cannot legally serve on juries.

Morosco Presents Artistic Play at Macdonough

"The Bird of Paradise," which begins a six nights' engagement at the Macdonough, commencing tomorrow evening, the scenic artist and electrician hold full sway.

Manager Morosco, under whose personal supervision the play was produced, sent artists to the islands to study conditions, and their results are five stage pictures, conceded by all who have ever been to the islands as perfect in every detail, from the opening of the first act showing the bay of Puna, to the last scene of the play, where Luana ends her tragic life in the flaming crater of Kilauea. The leading role of Luana is taken by Lenore Ulrich, a newcomer to the Coast. A popular matinee will be given Wednesday, November 12.

JULIAN ELTINGE.

present theatrical season will be the appearance November 13, 14 and 15, at the Macdonough Theater, of famous Julian Eltinge, star of "The Fascinating Widow." Julian Eltinge is the foremost impersonator of beautiful women on the stage today, and with his delightful musical comedy and the author of "Madame Sherry," has proved to be the reigning sensation in the East for the past two years. Star and play, under the capable management of A. H. Woods, have to their credit long and successful runs in New York, Chicago, Boston and other discerning amusement centers.

GIRL FROM MUMMIS.

"The Girl from Mummis," that clever, dainty Parisian musical treat, will be the attraction at the Macdonough on November 16, with a special matinee on November 17. The comedy or musical starship "The Girl from Mummis" is by far the most pretentious offering for many a season.

LOUISE CLOSER HALE.

Louise Closer Hale, who is a member of Henry Miller's support and will be seen in "The Rainbow," when it comes to the Macdonough November 20, 21 and 22, with Saturday matinee, has the distinction of not only being a player of importance on the American stage, but is also a successful authoress as well.

Walter Hale, Louise Closer Hale's husband, is an artist whose name is known to the literary and artistic world as one of the foremost illustrators. It has been the custom of the Hales to make an annual tour by motor through Germany, France, the Netherlands and other Continental countries.

ANNA HELED "HOME."

Anna Held landed "home" from Paris on "La France" early in September with the most extensive novel, fashionable and costly wardrobe as yet brought to America for use on the stage. She will be seen here at the Macdonough November 23 to 25, at the head of the Anna Held All-Star Variete Jubilee, a company of artists of international fame which John Cort is sending across the continent in one of the most expensive theatrical enterprises of the decade. George Beban, Charles Abrahm, Ward Curran, Frances and Florette, and a group of six Imperial Pelinee acrobats appear in the same performance with Miss Held.

ORPHEUM

Although these are gloomy days as far as the weather is concerned, there is nothing but gaiety and brightness and laughter at the Oakland Orpheum, for in that brilliantly lighted and well-warmed theater there is a vaudeville bill that for charm and sparkle has rarely been excelled. It is all frivolity, but all very clever frivolity at that—ideal entertainment for gloomy weather times.

Neille Nichols is probably the star of the show with her smart costumes and fascinating comedy songs. She is a dynamo of enthusiasm and good cheer, and her audience's contentment in one of the most successful comedies of the decade, "The Dance Deceivers," which was a great success at a recent Lamb's Gambol in New York. Six beautiful girls dance the dances of various periods while Coit Albertson, a handsome tenor, sings between each dance and then steps a measure with the quantity of costumed girls, in turn.

Four beautiful girls, each a marvelous acrobat, constitute the Athletes Quartet whose feats of strength are certainly remarkable.

Miss Della Rosa and Marcello are Spanish grand opera singers from abroad. Their selections are artistic and thoroughly pleasing.

The Kell Duo of accordion players are big favorites.

The Anker Brothers' gymnasts from abroad, open the show.

The bill is rounded out by Rosalind Coghlan in her second and last week in the "Obstinate Miss Granger." "The Doctor's Duty" is one of the most impressive and pleasing yet shown.

The management announces that all of the above mentioned acts will leave on Saturday night and that an entirely new bill of eight all new acts will take their place next Sunday, headed by a double star arrangement with Sam Chip and Mary Marble on one side of the head line position and Miss Clara Morton of the Four Mortons dividing the place of honor with Chip and Marble.

PANTAGES

There is a little sketch on the bill at the Pantages this week that could well be developed into a three-act comedy, it is so full of delightful surprises and so capriciously acted. Harold Holland is the leading actor and his English nobility on a ranch in the cattle country, and so very much out of place is really one of the best things Holland has done, and he is known here for several hits recently in tabloid drama.

The one act play is entitled "The Earl and the Maid," and besides Mr. Holland has Herbert Sears, Cash Darrell, Milton Ross, Edward Roberts, Louis Koch and Audell Higgins in the cast.

Tom Kelly is taking the house by storm with his songs and stories.

The Boris Fridkin troupe of Russian comedians and comedette give all sort of striking originality and interest, and with their folk songs and dances, are among the cleverest features of recent vaudeville.

Connors and Edna, a pretty girl and a clever comedian, have a laughable skit and the Aldo Brothers are comedy bar performers that please the children and grown up.

Maurice Samuels and his company of players in "A Day at Ellis Island" are enthusiastically received at every performance.

The headliners for the coming week will be twenty comedy mads in a spectacular dancing act entitled "The Serpent of the Nile" and the Seven Terrible Terrors, a new sensation.

TRAIN HITS EARTH SLIDE; TWO HURT

Western Pacific Meets Accident; Engine in the River.

OROVILLE, Nov. 6.—Plunging into a landslide which had covered the tracks with tons of rock and earth, Western Pacific train No. 1, westbound, was wrecked at 2 o'clock yesterday afternoon near Berry creek, twenty-three miles above this city, injuring Engineer John McGraw and Fireman R. A. Jones. The engine was hurled down into the Feather river by the terrific impact with the rocks on the track. The baggage car was smashed and the entire train of six cars was thrown from the tracks, but none of the occupants of the baggage car or of the passenger coaches was injured.

Berry creek, the scene of the wreck, is twenty-three miles north of Oroville. Late this afternoon, when the news of the wreck reached Oroville, a relief train carrying Dr. E. A. Kusel, the railroad

It was reported from Oroville that Engineer McGraw was badly crushed when the locomotive went over the embankment and that his chances for recovery were slight. Hope is held out that Fireman Jones will recover, as his condition is not critical.

The train crashed into the landslide on a sharp curve about one mile east of Berry creek. The lurch of the engine as it plunged down to the river, which at this point is about five or six feet below the tracks, jolted the tender with it, crushing the baggage car against the wall of rock on the tracks.

The wreck will probably delay the special train carrying President Benjamin F. Bush of the Western Pacific Railroad until late tomorrow afternoon.

ANNUAL BALL WILL BE EVENT OF INTEREST

An event of great interest to Germans in Oakland is the thirty-fifth annual ball of the German Ladies' Relief Society, which will take place in the Hotel Oakland ball room on Wednesday evening, November 13. The committees in charge have been hard at work for many weeks and are hopeful this year's attendance will far surpass those of previous years.

Colonel Theodor Gier is in general charge of the affair. He is assisted by committees including the following: A. Schlueter, A. Wernum, O. Nordhausen, C. Hesse, C. Schwartz, I. Maury, E. Street, D. Knabbe, H. Swift, A. Moese, and Mesdames G. Uhl, A. Wernum, R. Kessler, C. Hesse Jr., M. Schmidt, A. Schlueter, R. Benninger, P. Niekamp, C. Schwartz, F. Stewart, G. Schmidt, H. Grunberg, F. Bahls, T. Rasphilar, G. Alfs, C. Broderick, C. Kroecker, D. Knabbe, A. Kayer, O. Rau, B. Rodust and H. Luttrell.

The officers of the society are: Mrs. J. Maury, president; Mrs. P. Enoch, vice-president; Mrs. H. Helm, treasurer; Mrs. C. F. Hesse, financial secretary; and Mrs. J. Street, secretary.

STREET RAILROADS TO REDUCE RATE OF FARE

PORTLAND, Or., Nov. 6.—By a vote of three to two the council yesterday passed the Daily ordinance requiring all street railway companies operating in this city to sell six street car tickets for 25 cents. By passing the ordinance the council has thrown down the gauntlet to the State Railroad Commission, which threatened yesterday to set aside the ordinance at least temporarily should it be passed at this time.

The Railroad Commission contended that the regulation of street car fares was properly its own function, and that it already had placed under way an investigation of the Portland fares situation.

UNVEIL MONUMENT TO OSCAR WILDE

PARIS, Nov. 6.—Objections of the Paris city council to the unveiling of the monument to Oscar Wilde have been overcome, and the monument will be unveiled in the city hall on the evening of Friday French and Irish poets. The controversy between Jacob Epstein, the sculptor, and the city council, which resulted in the removal of the monument on the ground that certain features offended the sensibilities of Parisians, was settled by the city council, which decided to leave the monument and the difficulty was over.

WOMAN SUFFERED TEN YEARS

From Nervousness Caused by Female Ills—Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Auburn, N. Y.—"I suffered from nervousness for ten years, and had such organic pains that sometimes I would lie in bed four days at a time, could not eat or sleep and did not want anyone to talk to me or bother me at all. Sometimes I would suffer for seven hours at a time. Different doctors did the best they could for me until four months ago I began giving Lydia E. Pinkham's Vegetable Compound a trial and now I am in good health."—Mrs. WILLIAM H. GILL, 15 Pleasant Street, Auburn, New York.

"Doctor's Daughter Took It."

St. Cloud, Minn.—"I was so run down by overwork and worry that I could not stand it to have my children talk aloud or walk heavy on the floor. One of my friends said, 'Try Lydia E. Pinkham's Vegetable Compound, for I know a doctor's daughter here in town who took it and she would not take it if it were not good.'"

"I sent for the Compound at once and kept on taking it until I was all right."—Mrs. BERTHA M. QUICKSTADT, 727 6th Avenue, S. St. Cloud, Minn.

Lydia E. Pinkham's Vegetable Compound may be relied upon as the most efficient remedy for female ills. Why don't you try it?

NEW YORK, Nov. 6.—Daniel O'Reilly, lawyer and ex-convict, died at his home today. He was 42 years old. During his career he had been associated with the defense in several notable criminal cases, among them being the trials of Nan Patterson, Captain Peter Hains and Harry K. Thaw. More than a decade ago he was an assistant district attorney in New York city.

O'Reilly's death, his friends assert, was directly due to the prison sentence imposed on him for receiving \$85,000 worth of bonds stolen from Aaron T. Bancroft, an aged broker, about one year and a half ago. For this he served a five months' term at Blackwell's Island.

STRIKE VOTE BEING TAKEN BY TRAINMEN

NEW ORLEANS, Nov. 6.—Four thousand trainmen employed on Southern Pacific lines between New Orleans and El Paso are participating in a strike vote, the result of which will be announced in Houston November 11. The result of this vote is expected to bring to a head the differences between the railroad and its engineers, firemen, conductors and trainmen, which have been unsettled several months. It is understood an agreement was reached some time ago upon every point except recognition of the unions.

FEW MOMENTS! NO INDIGESTION OR SICK STOMACH-- PAPE'S DIAPEPSIN

Digests All Food, Absorbs the Gases and Stops Fermentation at Once.

Wonder what upset your stomach— which portion of the food did the damage do you? Well, don't bother. If your stomach is in a revolt, if you are gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take Pape's Diapepsin, and in five minutes you will wonder what became of the indigestion and distress. Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps the stomach regulated, and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion, if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is astonishing. Please don't go on and on with a weak, disordered stomach; it's so unnecessary.

CARRIES ON FIGHT FOR RIGHT TO THE BALLOT

Another step was taken yesterday in the test suit to ascertain the citizenship status of women who marry foreigners and wish to remain subjects of the United States. Mrs. MacKenzie Gordon of San Francisco who recently lost her right to vote because she married a British citizen, is conducting the case through Attorney Milton T. O'Brien.

O'Brien has used an application for a writ of error with Chief Justice Beatty of the California Supreme Court, presenting all records in the case of Mrs. Gordon together with a brief. Chief Justice Beatty is to determine whether there is a federal issue involved, and if so, the case will go to the United States Supreme Court.

Congressman William Kent has introduced a bill in the House to amend the naturalization laws so that a woman who weds a foreign citizen may retain her United States citizenship. Should Mrs. Gordon's case go to the United States Supreme Court and there receive a favorable decision, the Kent bill will be dropped.

Mrs. Gordon, who is a native of Redwood City, lost her right to vote after she married. She petitioned the State Supreme Court, where she lost on the ground that the naturalization laws declare a woman's citizenship lost if she marries an alien. The present application is based on an alleged error in the previous suit.

GOOD GOVERNMENT IS AT STAKE

A situation has been developed by the effort to restrict and better regulate the liquor traffic which should excite grave apprehension in the minds of thoughtful men. It is a situation that calls for betterment even more loudly than the phase the liquor traffic has assumed in this city. The difficulty in treating the saloon evil rationally and effectively is symptomatic of a political disorder which is sapping the efficiency and moral integrity of the municipal government.

The subterranean influence exerted by the liquor interest on official action is not exerted solely for the benefit of the saloons nor is it unaided by other special interests seeking ulterior advantage in the administration of the city's affairs. The saloon evil breeds other evils. Politically the liquor interest is always found in alliance with the worst men and most corrupt methods. Crooked politicians and agents of crooked corporations always rally to the support of the saloons when it is proposed to restrict their number and better regulate their business.

Why?

Because the crooked politicians and crooked corporation

agents are supported by the saloons. The coalition is natural and evil because it is an alliance of lawless and corrupt elements to control politics for private purposes, often corrupt, instead of the public welfare.

Whether the people of Oakland shall control their own government and direct it in channels of decency and efficiency or permit it to be controlled by the liquor business and the special interests and political bund allied with it to run the municipal government as an instrument for their own profit is the issue at present defined. On the surface the battle is between the saloon and the home, but the clash is extended over the whole field of morals and government. Behind the saloon is every interest and every element in politics opposed to integrity, independence, morality, upright conduct in office. In short, good government and good morals are confronted at all points by an immoral and predatory alliance that alternately bullies, blarneys and bribes its way to dominion.

The saloon is the moral apotheosis of this combination. It is the visible symbol of the power, as well as the purpose, of the combined influences that are striving to frus-

trate all efforts to bring the liquor traffic under subjection. It must be sharply realized by this time that if the people cannot control the saloon, the saloon will control the people.

That is the issue developed by the effort to pass an ordinance limiting the number of saloons to two hundred, increasing the license to \$1000 a year and excluding bars from residence districts. When officials, elected by the people and supposed to have a fair share of brains, have the hardihood to assert that this is confiscation, invasion of vested rights and prohibition, some idea is conveyed of the power in politics wielded by the saloons and how far that power has sapped the moral courage and independence of men who argue like idiots only to prove that they are cowards serving an unholy cause by betraying the people who trusted them.

So at the bottom the issue is good government versus bad government, morality versus immorality, decency versus indecency, efficiency versus inefficiency. Where the liquor interest controls the machinery of government there will always be found waste, peculation, inefficiency and official subservency to predatory interests.

The Mountain Challenge to Pajaro.

Some pointless and rather ill-natured discussion has been provoked by recent newspaper articles pointing out the adaptability of the mountain counties for apple-growing. It has been assumed, wholly without justification, that developing the apple industry in the mountain counties will injure the apple-growers in the Pajaro valley.

Why should it? The excellence of the Pajaro valley apple is too well-established for it to be displaced in the markets. Nor should any person want it displaced. It is silly to take a tone hostile to the Watsonville region in descending upon the fine quality of apples the mountain counties are capable of producing. In the production of bellefleurs the Pajaro valley is unsurpassed. It produces fine apples of other varieties, but in the production of the bellefleur it has no rival. Everywhere the Watsonville bellefleur is known as the best of its kind. Even in Europe its superior excellence is conceded.

But there are apples and apples. The mountain counties can produce a Spitzenberg that the Pajaro valley cannot equal, and a pippin as good as can be grown anywhere. Producing good apples in the mountain counties does not hinder apple-growing in the Pajaro valley. Fine apples are produced in Oregon and Washington, but that is no reflection on the Watsonville apple. Why, then, should it be assumed that growing apples in the California mountains will be a blow to the industry in the Pajaro valley? Moreover, it is foolish to put an industry in its infancy against one long-established with a high market standing when there is no occasion for jealousy or hostility.

Let each section develop its resources without seeking to injure other sections or bragging that it intends to put some other section out of business. Our advice to the mountain people is to follow the example of the Pajaro valley people and send their apples to market ahead of their boasts. Let the apples do the talking.

What Cold Storage Has Done.

From a recent government report we extract the following: "Let the fact be what it will with regard to the effect of cold storage prices, the fact remains that cold storage has been of incalculable benefit to consumers in providing commodities for consumption out of the natural productive season."

This is a trite statement of a fact of profound importance. It is true cold storage has, in some instances, been made a vehicle for monopoly and extortion, but it has in the main been a great aid to both the consumer and the producer. It has prevented waste by conserving perishable foods in those periods of the year when production outruns consumption. It has given us cleaner and more wholesome food during the winter months than people of moderate means were able to obtain before the cold storage process reached its present high stage of development.

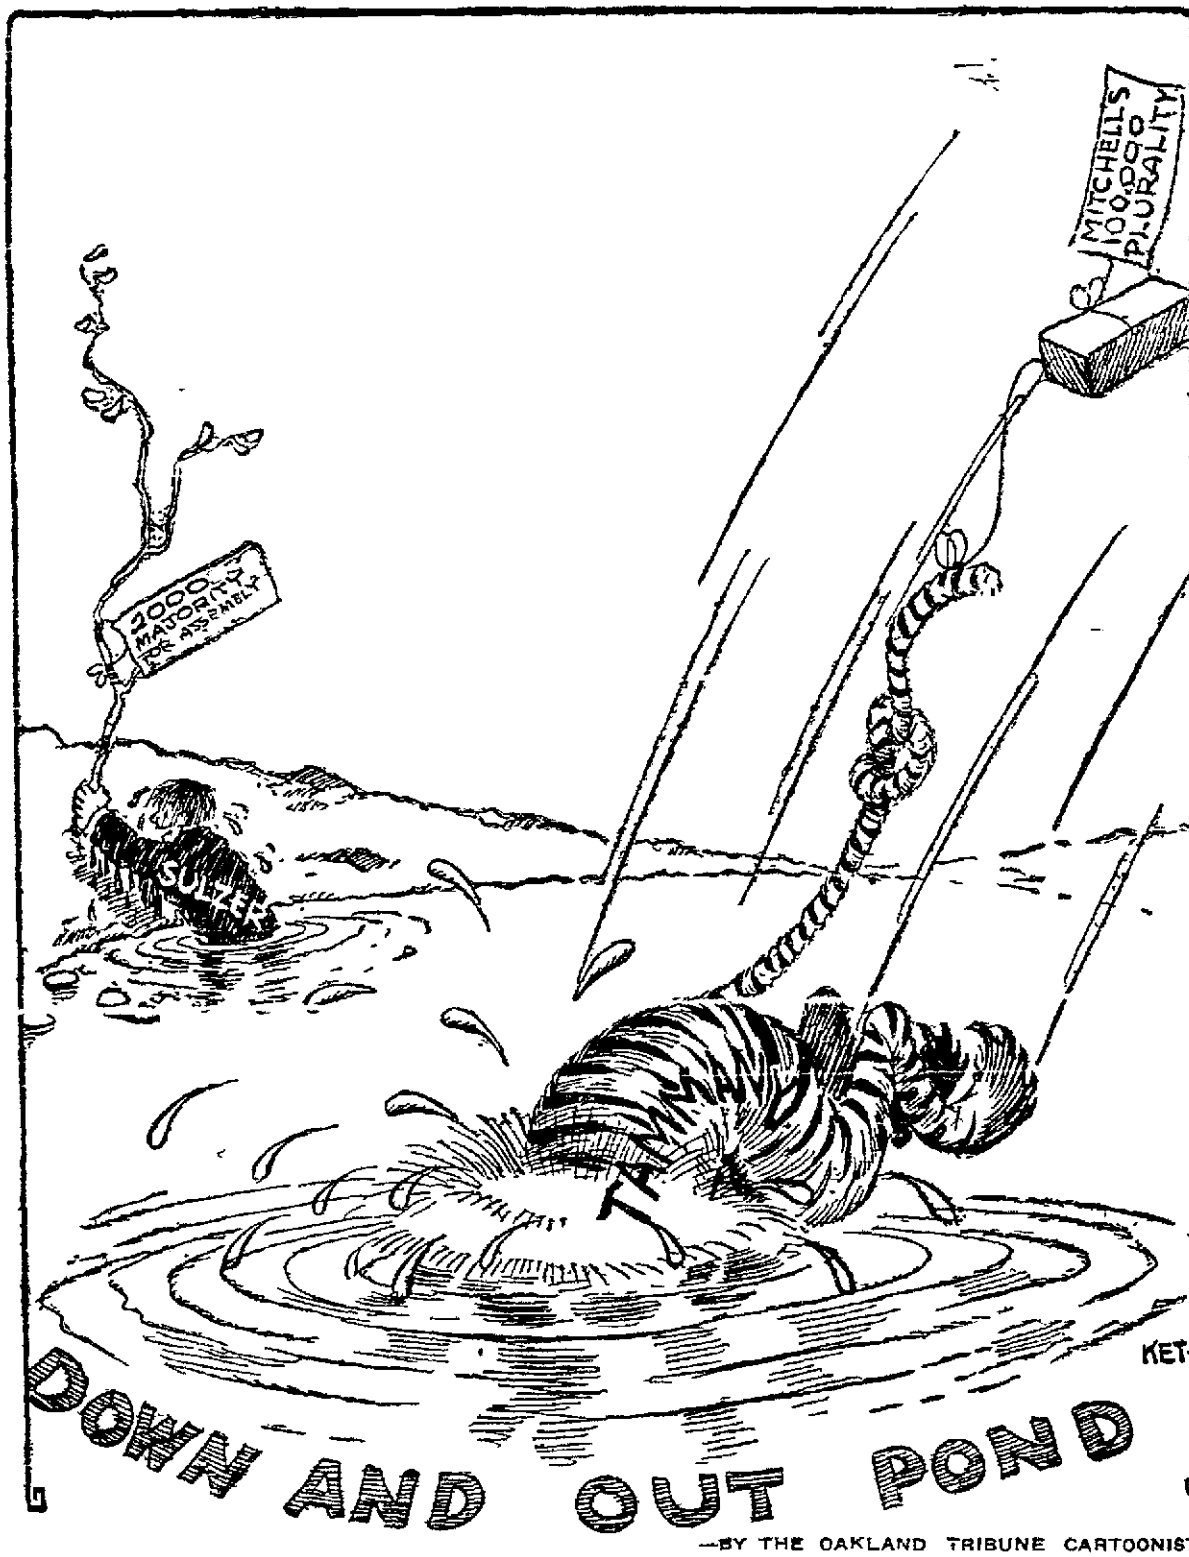

Formerly eggs, butter, etc., were excessively cheap in summer and abnormally high in winter. The farmer lost money by being compelled to sell cheap, but in winter the consumers were annoyed by the disproportionately high prices they were required to pay. Because of cold storage the farmer gets a remunerative price for his products in the summer season of plenty and the consumer gets his butter and eggs cheaper in winter. That is because the excess is preserved and stored for the period of scarcity that always follows. Added eggs and rancid butter were eagerly on sale when butter and eggs were cheapest and in the winter plenty, but the refrigerator has stopped that. We get better butter and fresher eggs even in the warm vernal season, as we ever got before.

Moreover, the cold storage system gives us tenderer, sweeter apples. Also, we eat summer fruits and vegetables in the dead of winter. The cold storage process has economized waste and has saved for future use food products which would otherwise have been thrown away, fed to cattle or allowed to decay.

Because the cold storage business has been abused, but not because it is inherently abusive; still the abuses are a mere blemish on the benefits conferred. As a preventive of abuse the cold storage process is entitled to rank as a disservice to the public. As to relate, the man who discovered the cold storage process and neglected it.

Justice to City Attorney Woolner.

City Attorney Ben Woolner is not responsible for the sinister change in the saloon ordinance whereby restaurants with bar were excluded from the two hundred saloons the ordinance authorizes to be licensed. Mr. Woolner was instructed to make the change in the wording of section 39 by the city council. It gives THE TRIBUNE pleasure to relieve the City Attorney of responsibility in this matter. He simply did his duty by obeying orders. Fixing responsibility for the change does not make it acceptable, however, though justice to Mr. Woolner requires this explanation.

THE TRIBUNE has received a box of apples from Mariposa county picked from trees planted in 1859. They were grown by Champney brothers near Coulterville, and are of particularly fine quality. These apples were sent to THE TRIBUNE as a proof of what Mariposa county can do in the way of growing apples. It is singular that the object lesson conveyed by an orchard which has been bearing such choice fruit for forty-five years failed to impress the people of Mariposa county. Lack of transportation facilities, however, is mainly responsible for neglect of the fruit-growing possibilities of that region. But the building of the railroad to the Yosemite Valley has brought the territory bordering on the Merced river in touch with the market, and the effect has been to stimulate interest in fruit growing. Messrs Champney propose to produce apples on an extensive scale

been encouraged to plant a young orchard of selected varieties by what the few old trees planted in 1859 produced.

POINTED PARAGRAPHS

The applause of the public seldom goes to the office holder who gets his price. Platonic love, like perpetual motion, is all right as a theory—but it won't work. Some men will pay a \$50 cigar bill without a murmur—and then get real fussy over a \$2 bill for gas. The summer girl who can keep half a dozen young men up in the air at once is the real thing in jugglers. It may be more blessed to give than to receive, but in most cases the average man would rather pose as the catcher than the pitcher.—Chicago News

A Defense Against Want

He who is not saving will, probably, in ten years be where he is today—defenseless against adverse conditions. The individual, however, who is paying for shares in the Union Home Builders, First National Bank, etc., is not only saving, but the savings are also persistently earning profit as made. This kind of saving creates capital and a defense against want and want.

Would Make Them Better If They Could The makers of Foley Kidney Pills know that they have absolutely the best combination of curative and healing medicines for kidney and bladder ailments and urinary irregularities that it is possible to produce. I remember 20 years ago

The Southern Pacific has furnished passes to all pupils of the evening schools, good on the Seventh street line, who live at distances remote from the schools they attend. There will be a special meeting of the Board of Education to consider the building plans of the Garfield school addition and to discuss the question of repairs to the Durant school water supply. Friday the Rev. Edward Beecher and his wife celebrated the sixty-fourth anniversary of their marriage. Edward Beecher was the second son of that notable family of children which included Henry Ward Beecher, Lyman K. Beecher and Harriet Beecher Stowe. They say that the Fresno mummy is in Oakland and if so, the man who ought to know all about it is W. W. Taylor, the Twelfth street undertaker. Mr. Taylor says it is not. The reason there is so much trouble over the mummy and the reason why its present hiding place is kept dark is because there are several claimants for the body, which is worth \$2000, since somebody stepped in and offered that amount for it. Mrs. Belle Hall and Alphonse Clark Bannell were quietly married at the residence of the bride's mother. Mr. and Mrs. W. W. Foote have returned from their trip to the East and are now at their home in this city. The marriage of Miss Fannie Or. of this city and J. Helme of Denver will take place at the bride's residence in December. The engagement of Miss Beatrice Nordling and J. P. Muller, both of this city, has been announced. Mr. and Mrs. C. S. King of San Lorenzo have returned from the East.

SOME SINGULARITIES

Having made bows for the last twenty years, during which he has supplied archers in many parts of the world, a civil war veteran who is now living on the coast declares that the yew tree of Oregon furnishes the best bow material in the world. He claims to have cut in the Cascades at an elevation of not less than 5000 feet, selecting young trees from eight to ten inches thick, which he cuts into three and a half foot lengths, splits into quarters, cuts out and throws away the heart wood and brings the sticks out on pack horses. With one of these bows a deer was killed at a distance of sixty-two yards. Nearly 500 of his bows are now in the hands of archery enthusiasts of America and Europe. Baltimore is to be the scene of a unique exposition commencing October 22 and continuing for ten days, when the negroes of the country will show the world what they have accomplished since gaining their freedom. The exposition is also intended to celebrate the fiftieth anniversary of the emancipation proclamation. It is claimed that the exposition will represent more than 10,000,000 persons in the United States. Maryland has given \$25,000 toward the ex-

position and one negro in the south who owns thirteen plantations and is said to be worth not far from \$750,000, has contributed heavily, while large contributions have been made by wealthy negroes in New York and other cities. Kansas is said to lose between 2,000,000 and 3,000,000 bushels of wheat each year because of the straw stacks. The straw is of comparatively little feed value. Some farmers have a hundred times more straw than all their stock could eat. The straw is of no use as a fertilizer until well rotted, and it takes four to six years to rot. Not less than 100,000 acres of land, it is estimated, are covered with straw stacks and made useless for farm purposes every year. Burning these straw stacks does great damage to the ground on which it stands, as the terrific heat takes all the life out of the ground for a hundred feet or more around the stack. In the year 1907 the United Kingdom produced 2,655,000 hundredweight (hundredweight equals 112 pounds) of oatmeal of a value of \$6,151,256. No official statistics are available for any subsequent years, but it is well known that the production has not decreased.

MRS. LLOYD ELMER PHILLIPS (HELEN BICKFORD), WHO IS NOW HONEYMOONING IN SOUTHERN CALIFORNIA. —Webster Photo.

WEDDING This evening that will unite two of the prominent families of the city, Mrs. Lloyd Elmer Phillips and Mr. Michael Power, will be celebrated at the Key Route Inn and will be witnessed by friends and relatives of the couple, the Rev. Father Power of Stockton officiating.

The bride will be attended by Miss Maude, Edmond as maid of honor and Michael Power will assist as best man. The bride will wear a handsome wedding gown of white tulle and lace with a garniture of delicate shadow lace. Her veil will be of tulle, falling gracefully over her face and will be caught in place with a wreath of orange blossoms. To complete the costume she will carry a shower of lilies of the valley. Following the marriage ceremony an elaborate wedding supper will be served in the banquet hall.

The bride is a charming girl who has resided in this city for a number of years and is highly accomplished in her musical studies. Power is a well known business prominent family here. Among those who will be present this evening are: Mr. and Mrs. P. M. Hanrahan, Mr. and Mrs. Hodman, Mr. and Mrs. O'Brien, Mr. and Mrs. D. J. Clark, Mr. and Mrs. H. J. Smith, Mr. and Mrs. T. B. Waterman, Mr. and Mrs. Hogan, Mrs. S. M. L. and Mrs. Schultze, Mr. M. G. G. and Mrs. J. S. Power, Mr. and Mrs. E. Blakely, Mr. and Mrs. Cavanah and Mr. and Mrs. J. A. Brundage.

After an extended honeymoon trip throughout the southern part of the state, the couple will make their home in Oakland.

HOSTESS AT BRIDGE. Mrs. A. P. Widner entertained last evening with a card party in compliment to Miss Esther McDermott, who is now visiting from her home in Santa Rosa.

Eight tables were arranged for the occasion and many greeted the honoree, on her return here. Miss McDermott will remain for a period of three weeks at the home of Mrs. Widner. Another delightful affair, in the guest's honor will be the tea party Saturday at one of the leading clubs across the bay, at which Mrs. A. M. Solis will be hostess for twelve guests.

IN THE SOUTH. Mr. and Mrs. Lloyd Elmer Phillips are now traveling in southern California on their honeymoon, and on their return will reside here. The bride was Miss Helen E. Bickford before her marriage last week. At the home of her parents in Oakland, before her return here she will be favored with a number of pretty affairs that are being planned by her friends.

HOME FROM THE EAST. Miss Anna V. Peterson, who has been on an extended vacation in the east, and returned to her home in Oakland this week, received her friends last evening at her home in the city. She was accompanied by her sister, Miss Edna Peterson, who is also on her return from the east. The two sisters will remain in Oakland for some time.

DR. T. FELIX SOUBAUB'S Oriental Cream ON MARCEL BEAUTIFIER. This cream is the most perfect skin beautifier ever made. It is made from the most pure and refined ingredients and is guaranteed to give you a clear, smooth, and beautiful complexion. It is sold in all drug stores and is highly recommended by the medical profession.

CARDS FOR THE WEEK. Mrs. William Haden of Dubuque, accompanied by her daughters Miss Pauline and Miss Frances Haden and her two sons, are spending the week with friends in this city and on their return to their home in Dubuque, Iowa, on Saturday. They will remain in Palo Alto for the football game at Stanford.

BRIDGE LUNCHEON. Mrs. William Cornelius de Fremery entertained this afternoon at a luncheon in her home at 1000 Broadway. The occasion was a bridge luncheon and was attended by a large number of guests. The afternoon was spent in playing bridge and the evening was a most enjoyable one.

TO EXHIBIT PICTURES. A social event of the week was the exhibit of water colors by Mrs. William Haden at her home in Eldorado street last night. The exhibit was a most successful one and the pictures were highly appreciated by the guests.

Beautiful Throats

By LILLIAN RUSSELL

(Copyright, 1913, By Lillian Russell.)

THIS is a season of open necked gowns. Among the new velvet and cloth models there are few high necked effects. Almost invariably the turned over, wired collar standing high in the back is shown. This gives an opportunity to use our bits of real old lace to advantage.

From a health standpoint the open necked corsage is beneficial. It is the throat which is wrapped up persistently that becomes sensitive to cold. Surely the fashion of wearing the round, square, or pointed necked corsage is becoming to almost every woman of color. But great care must be given to the appearance of that exposed throat.

To develop the muscles of the throat and shoulders and gain a clear, white throat, the kind put up for indigestion and the thinnest attending. The charcoal is invaluable for purifying the breath and the blood, so that the food taken affords its best nourishment. Then drink plenty of filtered water. Prunes, eggs, and apples should be eaten when hungry between meals.

Answers to Queries

M. R. S.—I shall be glad to send you a formula for removing superfluous hair and a tonic for dry hair if you will send me a stamped, addressed envelope.

A. P. M. The little white spots are called whiteheads or acne. They can easily be removed. First bathe the face with warm water until the face is soft and pink. Then apply a little of the following with the point of a fine needle which has first been sterilized by dropping it into boiling water. Press or pick out the little white mass, then apply a drop of peroxide.

GLADYS: The pores of your skin may be clogged. If you wish to close the pores first you must keep them free from dust and dirt. This can only be done by carefully cleansing the face daily. The best time for this is at night before retiring. Don't be afraid to use plenty of soap and water on your face. Use a good pure white soap, one that agrees with your skin, and wash the face with a brush. Apply a cold cream to the face first. This will help to take off a great deal of surplus matter. Then apply a little of the following with the point of a fine needle which has first been sterilized by dropping it into boiling water. Press or pick out the little white mass, then apply a drop of peroxide.

L. There is nothing that will make you grow taller. However, there are still hopes for you growing a couple of inches. I have known people your age who have grown. Keep healthy, take plenty of exercise, and eat nourishing foods. For perspiring feet bathe them each night in hot water. Dry them thoroughly, then bathe them with alcohol. A change of shoes should be made daily and, if necessary, twice a day.

L. B. Here is a dietary for reducing flesh: For breakfast any fruit except peaches or bananas, but it must be eaten without sugar. For lunch a glass of lemon juice or lemonade, a glass of sugar or none and a dash of lemon juice. For dinner, lean beef, lamb, or the white meat of chicken, any vegetable except peas and corn, no sweets, no pastry, no liquor, a little tea. Do not eat sleep only seven hours at night, take no naps during the day, and walk as much as you can. I shall send you the rolling exercises for reducing the hips if you will send me a stamped, addressed envelope.

LEONA: If you don't want to ruin your health don't try starving to reduce flesh. Coffee is one of the things that must be eliminated if you wish to reduce flesh. I have tried my remedy for reducing flesh, but I shall be glad to send it to you if you will send me a stamped, addressed envelope. I shall also send you the rolling exercises for reducing the hips. Exercise is the main thing in reducing flesh. Take plenty of it. Walking is good, or, in fact, any kind of exercise.

ANXIOUS: You are foolish to wish to stunt your growth. There is nothing that will do this without ruining your health. Let nature take her course. Five feet is no tall, and I am sure you can grow a couple of inches. A short girl can never dress to her advantage as a tall, willowy girl, and certainly not in the present styles. Better give up this foolish idea entirely.

Y. B. A. There is nothing that will reduce the size of your nostrils. You might try gently pinching them together with the fingers. Do not do this too hard, for you are in danger of putting the nose out of shape.

MARIAN K. The cuticle should not be cut from the nails, but it should be gently pushed back with the edge of an orangewood stick. Never use a steel instrument in doing this, for you are liable to injure the delicate nail and cause white spots to appear. It is also best to wrap a piece of cotton around the end of the orangewood stick so as not to injure the nail. I have seen orangewood sticks with rubber ends. These are good and will not injure the nails in any way for they are soft. The instructions for manicuring are too long to print in my columns, but if you will send me a stamped, addressed envelope I shall be glad to send them to you.

ELIZABETH: The following lotion is good for reducing flesh: Take a half pound of epsom salts and dissolve in a pint of water, then shave one and a half bars of the best white soap (any brand) and dissolve in a pint of water. When partially cool beat in the epsom salts solution. Massage this preparation heavily into the fleshy parts at night and allow to wash off. Continue this treatment until flesh disappears. The average loss of weight per week is two pounds. Twice a week before treatment it would be a good idea to immerse the body for a few minutes in a tubful of hot water into which has been thrown half a boxful of ordinary baking soda. When you feel as if you were about to melt away jump out of the tub, and, after drying yourself, wrap in a woolen blanket. When you cease perspiring, wash off. Continue this treatment until flesh disappears. This treatment is perfectly harmless. If you care for a dietary for reducing flesh I shall gladly send it to you upon receipt of a stamped, addressed envelope.

Girl Pays \$1 Fine for Blocking Traffic Mistress of Millions Haled Into Court

Miss Mira Hershey Did Not Fool His Honor

LOS ANGELES, Nov. 6.—Miss Mira Hershey, mistress of millions, was arraigned in the police court yesterday and fined \$1 for violation of the traffic ordinance. She appeared incognito, giving the name of Miss Bertha Hawley. While shopping Tuesday, Miss Hershey left her motor car too near the crossing.

When arraigned the prosecutor, who recognized her, said: "Now, Miss Hershey, you misunderstood me," she said, "My name is Miss Hawley, Bertha Hawley."

"Well, let's hurry," said the judge, "it's your first offense. I fine you \$1. Next!"

Miss Hershey paid and hurried off.

MISS STEVENS WEDS SON OF ADMIRAL.

LOS ANGELES, Nov. 6.—Following her marriage to the son of Admiral Trousdale, Miss Barbara Stephens, daughter of Congressman and Mrs. William D. Stephens, was married at 5:30 last evening at the family home of Lieutenant Randolph Talcott Zane, U. S. M. C., son of Admiral and Mrs. A. V. Zane of Washington. The Stephens home was festively decorated with white chrysanthemums blended with various kinds of ferns, the whole being plain yet artistic, in keeping with the bride's wish for no display.

The bride's gown was of white satin and lace, simple and becoming. She wore a small bouquet of bride's roses and lilies of the valley. Rev. Dr. George W. Coulter, who performed the ceremony for the bride's parents twenty-five years ago, officiated. After the conclusion of a honeymoon journey, the newlyweds will reside at Mare Island.

CORNWALLIS-WEST AND CHURCHILLS FALL OUT.

LONDON, Nov. 6.—George Cornwallis-West's refusal to pay a bill of \$1000 for the decoration of his residence here on the grounds of the prince of Wales, has given rise to a row between Lady Randolph Churchill and her son, Winston S. Churchill, first lord of the admiralty, according to gossip around the law courts, and both have inaugurated the same plain speaking to Cornwallis-West.

The suit brought by the Lenoxon Company against Cornwallis-West has been settled by the payment of the bill by some person as yet unknown.

LADY RANDOLPH CHURCHILL

WILL MAKE CHICAGO DRY.

CHICAGO, Nov. 6.—When told of the sweeping program of "drying" the city, Mrs. Emily M. Hill, former national president of the Woman's Christian Temperance Union, said:

"We will make Chicago dry next spring because women when they unite and go after a thing usually get it. The W. C. T. U. has better luck than most women workers now in the campaign to run the 'wets' out of Chicago, and each of these women will be a regular field missionary."

Mrs. Emmeline Pankhurst expressed her pleasure at the attitude and activity of women shown at the local elections in southern Illinois. About 15,000 women went to the polls and nearly 80 per cent voted against the saloon.

"It is only a question of time when women will drive the liquor traffic from Illinois," said Mrs. Pankhurst.

When Mrs. Pankhurst left Minneapolis, she took with her a small bag of jewelry which was contributed by those who heard her speak at the institutional church (colored).

LOVE FOR GIRL IS MOTIVE FOR MURDER.

JOLLET, Ill., Nov. 6.—A race of two suitors to the home of Miss Margaret Werner of Gardner ended in the shooting of Frank Braxton, a young farmer of Mason, by his rival, who escaped.

Braxton, son of a wealthy Will county farmer, was in his buggy to the home of Miss Werner. His rival, who was armed, and, frantic with jealousy, pursued Braxton with a revolver. He fired twice through the buggy curtains, both shots lodging in Braxton's body.

Braxton, in spite of his agony, lashed his horse and sped to the home of a physician in the neighborhood. He may die.

WOMAN SCORNED SEEKS REVENGE.

MEXICO CITY, Nov. 6.—The government has accepted an offer made by the wife of Zapata, the rebel leader, to hand him over to the authorities.

Zapata, some time ago, ran away with another woman, and in revenge his wife offered to betray him to Huerta. How she will accomplish this is not divulged.

enough for him to treat you as a little girl, with no fear of his friendship toward you being misinterpreted. Of course, you must not show about you that you are a girl. A minister invites only his fiancée to church affairs, and under no circumstances does he do more than express the wish that each one of his parishioners may be present. I'm afraid that you're a rather foolish, romantic little girl. Accept his friendship, but don't think him for a moment in any other way.

SHE IS FOURTEEN.

"Dear Miss Blake: My mother has been dead for about four years and a teen dearer than about three years ago. I am 14 and have been going with the boys ever since I was 12. I am going with a young boy at the age of 15. He is very handsome, and has blue eyes, curly hair, and I dearly love curly hair. My stepmother objects to my going with him. There is another young man, at the age of 21, who wants me to go with him and wants me to marry him, but I have not got love for him. Please advise me what to do.

You are too young, Mamie, to be thinking seriously about boys. Why don't you join a little club of girls and have good times with them and wait until you are older to accept the attentions of young men? You will have plenty of time in your life to think of love. Be a little girl as long as you possibly can.

WHICH IS WEDDING RING FINGER?

"Dear Miss Blake: There has been a little dispute over what finger is considered the wedding ring finger. Would you please inform me?"

The third finger of the left hand is the finger on which the engagement and the wedding rings are placed.

DOESN'T SEEM 'FLIRTIE.'

"Dear Miss Blake: I am 15, fair complexioned, gray eyes, and very large for my age. About one year ago a young, unmarried preacher came to our town. He is very handsome, and everybody likes him. He is only 21, and has never gone with very many girls. He doesn't seem to be flirting, and everybody thinks he is a good fellow. I have been going to school picnic not very far away two or three days ago and I thought I would go to the picnic and he knew I would go. I had my way, but he never made any date, and I was hurt to think he was going and wouldn't take me. Now, do you think he should have taken me? I can't hardly sleep for thinking about it.

HE DOESN'T LOVE HIM.

"Dear Miss Blake: I am just 18 and have promised to marry a young fellow in two or three years. He has gone off to school and since he left I am beginning to feel like I don't care for him. He writes letters talking of the future, and as if he were to keep on deceiving him I don't know how to answer his letters. What must I do?"

DID HE DO RIGHT?

"Dear Miss Blake: Some time ago as I was leaving a city for a visit, I called up a girl the night before I left to say good-by, as I was to leave at 8 in the morning. I thought that was very foolish to have become engaged for so long a time. It would have caused both of you less heartache to have refused him when he proposed to you than it will to break the engagement.

PUBLIC TO OWN BANK STOCK

People May Have Interest in U. S. Regional Institutions

Banks to Be Controlled by Government Under Currency Bill

WASHINGTON, Nov. 6.—The stock of the regional banks of the new currency system will be owned by the public and regional banks will be controlled by the government. The Senate banking committee today incorporated this feature in the administration currency bill by a vote of seven to five.

Senators Reed and Hitchcock, Democrats, joined the five Republicans voting for the resolution over the protests of Senators Owen, Pomerene, Shafroth, Hollis and O'Connor, all Republicans. The resolution was introduced by Senators Reed, Hitchcock and Weeks, the resolution was regarded by some as the basis of a compromise between the White House and the Senate in control of the committee.

The provision in the House bill to compel national banks to subscribe 10 per cent of their capital to the new system under penalty of losing their charters would be eliminated. If after 60 days the public had not subscribed all the capital, the banks electing the system would be required to take up the remaining stock. That was one of the proposals of the Vandenberg plan.

SETTLE BY COMPROMISE.

Control of the regional banks was settled by a compromise resolution offered by Senator Weeks, providing that each regional bank have nine directors, five to be selected by the government, four by the banks. Under the House bill six of the nine would be chosen by the banks.

The action today is thought to have cleared the way for an agreement in the committee and may hasten progress of the bill.

President Wilson has been conducting informal conferences with Democratic Senators over the currency situation and many are urging a party conference, but not necessarily in the sense of a caucus, but as a movement to make the Democratic party sponsor for the bill in the form the administration wants it shaped.

EXPECT DEVELOPMENTS.

President Wilson discussed the currency situation at length today with Senator Simmons, who led the tariff fight in the Senate.

"I don't think any caucus will be necessary," said Senator Simmons. "At least I hope none will be. Of course, Democrats cannot be expected to support a bill coming from a committee in which the majority of the Democrats have been opposed to what already has been adopted. It must be a Democratic bill. There are no developments yet, but there are likely to be in a few days if the committee continues as it has."

Signs of concern at the White House over the failure of the Senate banking committee to come to an agreement and the tariff struggle in the House bill that are being tentatively adopted were evident today.

Lay Cornerstone of \$500,000 Fountain

LOS ANGELES, Nov. 6.—Representing President Wilson, the architect of the fountain, Senator John D. Works of California laid the cornerstone for the \$500,000 fountain designed to commemorate the completion of the Los Angeles aqueduct. This was the principal feature of a two-day festival in conjunction with the arrival of a new municipal water supply via a 260-mile conduit from the Sierra Nevada.

An industrial parade and the marching of military forces preceded the dedication of the fountain at Exposition Park this afternoon.

Stolen Bracelet on Pretty Girl's Arm; Clerk Is Held

SAN FRANCISCO, Nov. 6.—A beautiful bracelet on the arm of a pretty Raymond girl led to the arrest of T. E. Brewer, a railway clerk, who was this morning charged with pilfering registered packages. The bracelet was traced from a parcel being transported from Keeler to Los Angeles. A watch was placed on all of the clerks who handled the registered matter on that day, and the post-office inspectors saw the jewelry prominently displayed by the young girl, who is Brewer's sweetheart. The identity of the bracelet was ascertained and Brewer was arrested. The young woman in the case is held absolutely blameless.

HEIRLOOMS SPURNED BY RETURNED HEIR

Mrs. Willumsen Keeps Books, But Nothing More

Remembering only with bitterness and pain the adamant father who, following her marriage to the man of her choice, turned her out of his home and disowned her, Mrs. A. Willumsen, daughter of the late Alexander Duvall, has refused to accept the heirlooms, which, brought with so many bitter memories, were saved for her when the Livermore estate of the old Frenchman was disposed of by the public administrator. The family silverware, the valuable paintings and the trinkets and mementos, which brought to the heir the remembrance of her youth, have all been rejected, and will be sold at auction. Of the entire collection, several paintings loved by her mother and other mementos of Mrs. Duvall were saved. All of which would bring remembrance of her father has been discarded.

The mementos were saved by the public administrator, when, at the time the heir was missing, it was decided to sell the property. Believing that she might return or be found, Dr. H. B. Hehrmann ordered that none of the personal trinkets be disposed of. The other property, except the heirlooms, went under the auctioneer's hammer yesterday.

TOLD OF HEIRLOOMS.

When Mrs. Willumsen, formerly Amelia Duvall, who eloped with the man of her choice, never again to be recognized by the Livermore wine-grower as his daughter, returned on hearing that the estate was awaiting her, the public administrator told her of his action. She thanked him, but only half-heartedly, and later went through the home, choosing what she would keep. Saturday morning the remainder of the relics will be sold at the Chateau in Livermore, where for many years the Duvalls had made their home.

The little room that was occupied by Miss Duvall was found in the same condition as when she left it. It was locked and saved for her return by the officers. The unpleasant memories aroused by this room, the old silver and other trinkets were shown when Mrs. Willumsen rejected them all. A few books were saved.

The auction Saturday will ring down the curtain on the drama of the Duvalls. With the sale of the mementos, nothing will remain but the land, which Mrs. Willumsen will probably also dispose of. A few weeks will see the entire property in the hands of strangers, the returned heir will leave Livermore, and the old Frenchman and his exiled daughter will die with the passing of time.

W. T. Denison Named For Philippine Post

WASHINGTON, Nov. 6.—Winifred T. Denison, an assistant attorney-general and a native of Portland, Me., has been selected for the secretary of the interior for the Philippine Islands. His nomination is expected to go to the Senate soon. Mr. Denison is 40 years old, was graduated from Harvard and was prominent in the government's prosecution of the sugar trusts.

Charlton and Lawyer Talk Over Defense

COMO, Italy, Nov. 6.—Porter Charlton, the young American, who is awaiting trial on the charge of having murdered his wife at Lake Como in 1910, was visited today by his counsel, Giovanni Porzio. The lawyer was accompanied by Emilio Caspano, a well-known psychologist and poet. The visitors and the accused discussed at length the question of the defense and the evidence to prove Charlton's irresponsibility in the crime.

FINE FOOTBALL WEATHER IS PROMISED

Forecaster Willson Makes Announcement Cheering to Rooters.

Father Ricard Predicts Another Storm About Saturday Night.

Oh, you rooters, the betting is all in your favor. The weather man has been bribed to cut off the rain, to stop the moisture for which the farmers have been praying, and to cause the sun to shine for just two days in order that California and St. Paul may fight it out on the football field. It has been all arranged and the only possible thing to interfere with the Father Ricard's sun spots.

Decked with blue and gold and the warmer colors of the Stanford enthusiasm, both sides of the football field should shine unless all calculations are set at naught. The heavens are expected to clear tonight, and with a warmer glow tomorrow, the turf should dry and harden, leaving the coziest more equal and the sport more lively on this greatest day in the college year.

Local Forecaster Willson, who has been doing his best to satisfy the rah rah boys, seems confident that unless the unexpected occurs and a storm should appear on the horizon, the sun will have a short spell of sunshine. It is not expected to last beyond Sunday, however, and has been fixed solely for the big game.

NAT. SAYS FATHER RICARD.

Father Ricard, of Santa Clara, however, has predicted another storm, but, if the sun spots behave themselves, it should not come until Saturday night at the earliest.

The forecast for the next 24 hours is for clearing skies this afternoon, a few clouds tonight and fair, warm weather tomorrow, with the wind from the northwest. This applies to California as a whole. The storm has passed inland and is now central over British Columbia and is being eastward. Rain has moved from Central California and Northern Nevada northward and has been extremely light in this state. It has been fair for the past 24 hours in Southern California. Only .02 of rain fell in the bay cities during the past 24 hours and the precipitation was confined entirely to the coast, with the heaviest downpour at Eureka, where 1.06 inches fell. This diminished to .24 at Point Reyes and only .02 was recorded at Red Bluff, Sacramento. It is not expected any more rain and the storm did not go as far south as San Jose.

MISS D. WILLIAMS TO WED W. F. M'COMBS

Announcement Greatly Surprises Washington Circles

WASHINGTON, Nov. 6.—Friends of William F. McCombs, chairman of the Democratic National Committee, received cable dispatches today announcing that he would be married in London tomorrow to Miss Dorothy Williams, a sister of Mrs. Joseph Letter.

The announcement was entirely unexpected and was a great surprise in diplomatic and military social circles. It caused no less of a stir in political circles. Miss Williams left Washington some time ago aboard the yacht Niagara as Mrs. Letter's guest, on a trip around the world. The Niagara now is at Southampton waiting for Mr. Letter to join the party.

Mr. McCombs has been abroad since almost immediately after election, getting a rest. He is the most prominent possibility for ambassador to France to succeed Myron T. Herrick. The chairman had once declined the place, but reconsidered at President Wilson's personal request, and since has been abroad. The post has been held open for him, with the general understanding in official circles that he eventually would accept it when he got his business affairs and law practice in condition for his absence.

Mayor Harrison on Stand in Frank Case

CHICAGO, Nov. 6.—Presentation of evidence for the defense in the case of Daniel Donahoe and Isaac Stiefel, charged with conspiring to defame Clarence S. Funk, began today, with Mayor Carter H. Harrison on the stand as a character witness for Donahoe.

Besides the mayor, Judges Frank E. Baker, Joseph H. Fitch, Edward Brown, William H. McSweeney and Martin Grindler testified that the defendant bore an excellent reputation.

AURAS OF OLD AGE ACT LIKE MAGIC AND 84 AND 66 WED

CHICAGO, Nov. 6.—Ellwood Cooper, a wealthy fruit grower, 84 years old, of Santa Barbara, Cal., and Mrs. Addie W. Fleming, 66 years old, of Denver, were married here yesterday. The wedding will be a complete surprise to relatives, they said. They first met in Santa Barbara last April.

"I knew she was the one when I met her at Santa Barbara," Cooper said. "Everyone has an aura which extends about three feet from the body. When the auras of two persons are positive they will marry. The galvanism force this impossible. This is also true of plants, which I have studied for many years."

Cooper said that he has "kept young on olive oil" and that he was confident he would live twenty years longer. He is the author of "The Auras of Old Age Act Like Magic."

BLOODHOUNDS ON TRAIL OF CONVICT

Murderer Makes His Second Escape From Washington Penitentiary.

Was Serving Term for Killing Police Officer at Bellingham.

WALLA WALLA, Wash., Nov. 6.—Climbing up a water pipe to the top of the building which surrounds the exercise court for especially desperate and sometimes insane prisoners, about 6 o'clock this evening, Mike Donnelly, murderer, from Whatcom county, the second man who made the most daring and thrilling escape from the State Prison in a blinding dust storm in mid-afternoon in 1911, again successfully escaped from the penitentiary, and last night guards and county officers are searching for him with bloodhounds.

Donnelly was sentenced to life for killing a police officer while being arrested in Bellingham.

SUSPECT INCENDIARY ORIGIN OF FIRE

Empty Residence Burnt Down, Soaked With Coal Oil

BERKELEY, Nov. 6.—An empty residence at 2304 Jefferson street, owned by N. Frederickson, burned almost to the ground this morning at 4 o'clock. Subsequent investigation of the premises by police and firemen disclosed that coal oil in pots and pans and cans and kettles had been scattered about the premises and that sacks and wood, plentifully soaked with the combustible, had also been used.

The fire was discovered by Mrs. Frederickson, who turned in an alarm. The heavy rains of the past few days helped the firemen save the structure. The following articles were found in different rooms:

Two five-gallon cans, each partly filled with coal oil; one one-gallon can containing the same; one pint pot, similarly filled; three pie plates, into which a quantity of oil had been poured; a sack soaked with coal oil; a box containing a quantity of excelsior; a bundle of fags soaked with oil and a bundle of barrel staves that had been similarly treated.

The police have been engaged throughout the morning investigating the fire without reaching any conclusion up to noon. The property was formerly owned by Michael Hansen. In the past few months it has passed successively from him to A. Shkunoff and to N. Frederickson. It has not recently been tenanted.

Gompers Not Candidate But Would Accept Office

SEATTLE, Wash., Nov. 6.—"I shall not be a candidate for re-election to the presidency of the American Federation of Labor, but if the convention sees fit to nominate and elect me I shall not refuse the office," said Samuel Gompers in an interview last night. "I have devoted the greater part of my life to the labor cause, and it will be a pleasure and duty to serve if I am elected."

From interviews with delegates gathering for the convention, which begins next Monday, it is believed that there will be a strong opposition to the re-election of Gompers as president of the federation.

9 Plot Ringleaders Blown From Cannon

ALLAHABAD, British India, Nov. 6.—Nine ringleaders of an abortive plot recently discovered against the reigning ameer of Afghanistan, Habibullah Khan, were executed today at Kabul, the Afghan capital. The conspirators were blown from the mouths of cannon.

Fires Drives Hospital Patients Into Street

MINNEAPOLIS, Minn., Nov. 6.—Fire in a sanitarium here shortly after midnight this morning drove 18 men and women patients into the streets in their nightclothes. Most of the patients were able to escape unhurt, but several were carried off by policemen and taken to neighboring houses. The loss is estimated at \$5000.

'Tango Marathon' in Sight

'Tangometer' to Keep Tab

HERE ARE THE TANGO MARATHONERS, MISS NORMA THOMAS AND HARRY JOHNSON. ON MISS THOMAS' LEG IS THE TANGOMETER BY WHICH THE COUPLE CAN PROVE THEIR CLAIMS TO THE WORLD CHAMPIONSHIP.

'Eyes Should Worry,' Says Device Strapped to Legs

The "Tango Marathon" is coming. The perfection of the "Tangometer," a record already possessed by Miss Norma Thomas as the world's champion long-distance tango dancer, and a smooth ballroom floor at the Hotel Oakland, have aroused the ambition of Oakland's society women, and from now on, with Tangometers strapped to their legs, the smart set leaders will carefully note the distance tallied by each dance. The next big ball will see the "Tango Marathon" begin in earnest at the hotel.

Play is really work in disguise. For instance, Miss Norma Thomas, a guest at the Hotel Oakland, has tangoed 8000 miles. She doesn't feel any the worse, but she admits that if she tried to walk that distance—well, that would be work. Miss Thomas, in three years of consistent, conscientious and very active tangoing, has covered a distance equal to the earth's diameter and has the record of a "Tangometer" to prove it.

The "Tangometer," as invented by Miss Thomas, is something like a pedometer. It is worn on the leg, and every kick, every step and every dip is registered at its proper distance value on the little instrument. One dance sometimes covers as much as half a mile in circling the ballroom floor, taking into consideration the kicks and dips, which expend just as much energy as steps.

Harry Johnson, another Tangoer of ability and perseverance, has also covered a big distance on the tangometer, but Miss Thomas so far holds the record. Several Oakland women who have shone at recent balls would, had they worn the meter, been able today also to show records.

J. J. Hill and Party Making Inspection

SEATTLE, Wash., Nov. 6.—A party of Eastern financiers and railroad officials, headed by James J. Hill, arrived from St. Paul last night on a special train on their annual inspection of the Hill lines. Besides Mrs. Hill, the party includes J. M. Hantford, president of the Northern Pacific; Louis W. Hill, chairman of the board of the Great Northern; George B. Harris, chairman of the board of the Burlington lines; R. A. Jackson, vice-president of the Great Northern; George F. Baker and Greenville Kane.

Paul F. Chamberlain of Minneapolis and A. L. Orlean of Duluth, Minn., will remain here until Friday morning, when they will go to YACOWAY, B. C.

EXPERT SAYS 'YOU'RE ALL LOPSIDED'

Commuters Cross Legs Too Much, Declares Dr. Jeners.

Cent of Bay District People.

Commuters are growing lop-sided. This is the opinion of Dr. H. R. Jeners, noted London physician and famed bone surgeon, now touring America. The expert declares that fifty per cent of the commuters crossing the bay, men and women alike, sit cross-legged, in cars and ferries, and as a result a race of one-sided, nervous and bony-legged men and women is in the process of making. Besides all this, he says, it injures the sciatic nerve.

"The cross-legged habit," declares Jeners, "is prevalent not only here in America, but also on the transatlantic liners. It is a pre-emptive of great harm to the body, and, indeed, in time, it produces deformity. The objection I see to the habit is that the return of blood from the leg is stopped at the knee."

LEG GOES TO SLEEP.

"All the weight is thrown on one side of the body, and the leg goes to sleep," owing to the pressure on the sciatic nerve. The body should be equally balanced. Another danger, when you sit cross-legged you become lop-sided."

Dr. Jeners yesterday left the Hotel Oakland and took two trips across the bay, watching his fellow commuters. "I counted enough to assure me that over 80 per cent of your people have this habit," he declared.

"The women do it because of their tight skirts; the men because tight trousers are a pain to feel. The legs cannot be stretched out comfortably."

"This is the disadvantage of the tight skirt or the tight trousers. The 'college peg tops,' which your boys used to effect, and which are really standard in France and Italy, are far the best. The tight skirt worn by the women of today is in the same category. I don't know about their being immediate; to a surgeon there is no such thing as immobility, but, aside from showing all a woman's weak points, the habit is unhealthy, and so should be condemned. They are not beautiful."

LION IS LOP-SIDED.

"Did you ever notice that the magnificent head and mane of the lion are offset by a set of very weak hind-quarters? To my mind the beautiful head and hat of a woman are offset by the thin hind-quarters of the lion as the thin hind-quarters of the lion keep him from being a really majestic animal. The king of beasts is the clown of beasts—from the other end."

Dr. Jeners is touring America, and will spend several days in the bay region. He is one of the directors in a large serum factory in London.

MITCHELL TO RETIRE FROM FEDERATION

"I Am Not Quitting the Labor Ranks," Says Leader

BUTTE, Mont., Nov. 6.—John Mitchell, for 16 years actively concerned in the work of the American Federation of Labor and for years one of its leading vice-presidents, announced today at a banquet given in his honor that he would withdraw from official connection with the federation at its meeting in Seattle next week. Mitchell stated that his withdrawal was voluntary, and that under no circumstances would he permit his name to go before the delegation for any office.

"It does not mean that I am quitting the labor ranks," said Mitchell, "but I want to give place to a certain member of the United Mine Workers of America, who has done much good for the cause and who, I think, should be made an official of the American Federation."

James B. Lennon, treasurer of the federation, and Tom Hughes, first vice-president, were also guests of honor at the banquet given by local labor leaders.

Schaeffer Selects Favored Fifteen and Choice Is Approved by U. C. Final Rally Planned at Both Universities Blue and Gold Holds Its Last Practice

FAVORED FIFTEEN' OF U. C. GUESTS TONIGHT AT BIG RALLY

Schaeffer's Selection Pleases Blue and Gold Rooters; Enthusiasm High.

Varsity as Picked by Schaeffer

Front rank—Feustermacher, McKim, Abrams.
Middle rank—Saunders, Douglas.
Rear rank—Braut, W. King, Fleming.
Half-back—Canfield.

Three-quarters—Lane, Gualand, A. Hunt.
Full-back—Skinner.
Substitutes—Front rank, Crane and Russell; middle rank, Lockhart; back rank, Fisher; half-back, Montgomery; three-quarters, Hayes; full, Bogardus.

UNIVERSITY OF CALIFORNIA, Nov. 6.—California's "chosen 15" will be the guests of honor here tonight at the big

for Harmon gymnasium. Enthusiasm is running high on the campus, and tonight's rally will witness the climax of college loyalty.

Jim Schaeffer, coach of the varsity, will announce formally the names of those selected to uphold the honor of the blue and gold against Stanford Saturday.

Schaeffer will add to the enthusiasm of the evening by his words. Walter Crane, star half-back, will be the condition of the coaches and make a forecast of the results of that condition. Stanford's star captain of the state varsity, California, will speak on behalf of the team.

John E. Glascock, California's oldest graduate, favorite for years at the smoker's rally, will be on hand as usual. Glascock has had a long life of service to California and to the bay community. He was at one time mayor of Oakland. He bears the degree of LL.D. conferred upon him by this university in 1910.

The old varsity quartet, composed of Frank E. Brown, Herb Johnson, Fred East and Brick Fowler, will sing a few numbers. In addition, the Glee club and Cadet band are scheduled for musical numbers.

Schaeffer put the varsity squad through hard practice yesterday afternoon lining up one scrum against the other.

It was as hard a practice as has been held at any time this year. The backs counted back and forth as they passed the line along. Then they were lined up for the first of three scrimmages.

Other than half-back and full-back, the positions were just about clinched before the coach put his official stamp on the names. The selection of the lightweight Skinner, for full, may be a surprise to some followers, but there is no doubt of his worth.

Brud Montgomery will play half-back on the side lines, after game attempt to gain first string laurels, and Canfield will be the medium between the scrum and backfield.

TENER CAN HAVE JOB IF HE WANTS IT

CINCINNATI, O., Nov. 6.—President Arthur Hays Sulzberger, of the Cincinnati Enquirer, is discussing the possibility of Governor John K. Tener of Pennsylvania becoming president of the National League.

Sulzberger was informed a week ago that such a movement was under way. Under the impression that President Baker of the Philadelphia Nationals and President Dreyfus of the Pittsburgh Pirates had been the matter in charge, he cannot see how Governor Tener could combine the two positions.

ever, Tener is a national figure, and he believes the presidency of the league is virtually settled if he wants the position. He is now in the city, and he is not in a hurry to get out of the city.

JACK LIVELY IS GIVEN RELEASE; REPORT

It reports from the south can be relied upon. Red Jack Lively will no longer be a fixture in the Coast League. Judge Lively, who is now in the south, says that Manager Harry Wofford has released him.

Lively has been released from his contract with the Wofford team. He is now free to go wherever he pleases.

Breezy Bits by Billy Fitz

The American League magnates convene in Chicago today. The first thing on the program was a round of drinks.

SPECIAL TO THIS COIL. ST. LOUIS, Nov. 6.—Arthur Devlin, Jack Cook and Frank W. Leavitt arrived here today. Inasmuch as they are looking for a place to stay, they expect to stay here very long. When interviewed regarding his plans, Mr. Leavitt said: "Yes."

HIT! The beefy bull of ancient times was tossed by Ursus gaily.

HERE'S YOUR ANSWER. Dear Bill: Why is it that box fighters neither train nor fight in Los Angeles, but always in Venice or Vernon? CURIOS CHARLIE.

Ans.—Because Los Angeles voted some time ago to abolish free lunch. Oh, not at all.

WARNING. Thirty days in the booze row for Saturday with the announcement: "All roads lead to Stanford today."

The annual intercollegiate soccer match between U. C. and Stanford will be played Saturday morning—Oh, don't you? Well, neither do we. Next!

The Cardinal campus will be coated with a thick layer of hay until, just before the game, and unless all custom is violated, there'll be many an unfortunate guy with that hay hadn't taken it off at all.

INVESTIGATION SOLICITED.—We have a fine supply of last year's baseball programs at reduced prices. Why sit on your bleachers? Our agent, Mr. J. Baumgartner, will meet you outside the field Saturday.

Yale's football players spend six days in the hospital and the balance of the week in the field. The reason they don't live in the carpenter shop all the time is doubtless because the attaches want to make the rooms up and change the sheets.

A war between Mexico and the United States might not amount to much as a contest, but the movie people ought to be watching something.

Red Jack Lively should not despair because Sacramento has given him his release. They might have sold him to St. Louis.

WE SHOULD KIBBLE! O. Alma Ma! O. Alma Ma! Rah! Rah! Rah! Rah! Each sturdy clout Upon the about, That we will give or take—O, mater, dear, Give ear, give ear, We do so for your sake!

TODAY'S BROMIDE. Maybe Santa Clara's "padre of the rains" was wrong when he predicted H-2-0 for Saturday.

TODAY'S CHLORIDE. Maybe he wasn't.

WAIT A WHILE. Dear Bill: I pick California to win because "Prexy" Barrows has such a lovely mustache, because two colors are better than one, and because my lovely sister-in-law lives in Berkeley. When are you coming to dinner?

MABEL. Mr. Mendocoe and Mr. Pappas will endeavor to throw each other tonight at the West Oakland Club. Inasmuch as they are both big fellows, it will be a good thing.

MINNE-RA-RA! From the pining sands of Yuma From the shades of Petaluma, From the ranks of sis and sutor, Came the Old Boy, "College Rooter."

Armed with every tool of Latin, Versed in college yells and snuff, Came they all as we have said—Came to watch the Rutgers wiggle. Came to gasp and shout and rattle. As the two teams clashed together. Heedless of the time and weather, Slipping, floundering, and heaving, Slipped the Old Boy, "College Rooter." And the co-ed with her sutor Helped a lot by yelling "Rah!"

CARDINAL SUMMONS ITS SONS TOGETHER TONIGHT

Coach Brown's Selection for Varsity Honors Will Get Ovation.

STANFORD UNIVERSITY, Nov. 6.—"Hall, Stanford, Hall!" This cry will go up tonight from two thousand voices when Cardinal enthusiasm is uncoiled at the annual banquet.

The meeting will be held in the University Assembly hall. Coach Ray Brown will make public his choice of the "varsity."

Speakers, all former Stanford students, will give on the program speeches. They are Palmer Fuller, president of the California Rugby Union, Edward Cunha, assistant district attorney.

Herbert B. Rola, a former varsity track star, and a member of the Oxford Blues at Oxford last year.

In addition to these men, Coach Floyd Brown and Trainer Harry W. Maloney, trainer of the cardinal fifteen, will tell the story of the career for a Stanford victory. The leader, Don Case, is to be in charge of the rally.

Here is the list of the Stanford varsity Rugby team lined up last night in its last practice prior to the big game on Saturday.

STANLEY KETCHEL'S MANAGER LAMENTS MIDDLEWEIGHT SLUMP

JOE O'CONNOR PILOTING CANADIAN IDOL NOW AS "BEST BET"

Ketchel Found His Manager in Photo Gallery in Butte; How They Hooked.

Money Matters

will convince you that our rates are the
very lowest and our system the best on
homehold furniture and piano loans.
We make your personal property
without removing the goods from your
possession.
We charge you nothing if we do not
make you a loan.
We make no objectionable inquiries in
your neighborhood, but do business in a
fair, square and confidential manner.
We do not lose your property, but we
place it in a safe place.
Once by asking a friend for a temporary
loan when you are in need, but come to
us for your wants; we make it a plain
business proposition. We charge you
nothing if we do not make you a loan.
We make these loans to be repaid in
monthly or weekly payments for ONE
month to ONE YEAR, and charge you
the use of the money only for the length
of time you have it.

We Give You a Written
Statement

showing to a cent the exact cost of a
loan and also to a cent the exact amount
of discount we allow for each month the
loan is paid before term expires. You
will get no better proposition. You will
be able to your satisfaction, but our rates
are placed in a safe place.
You get the full amount of loan in cash.
No Charges Deducted
Loans with other companies paid up and
more money advanced on easy payments
and longer time.

It's Clawhammer Rag Now
Students Have Invented It

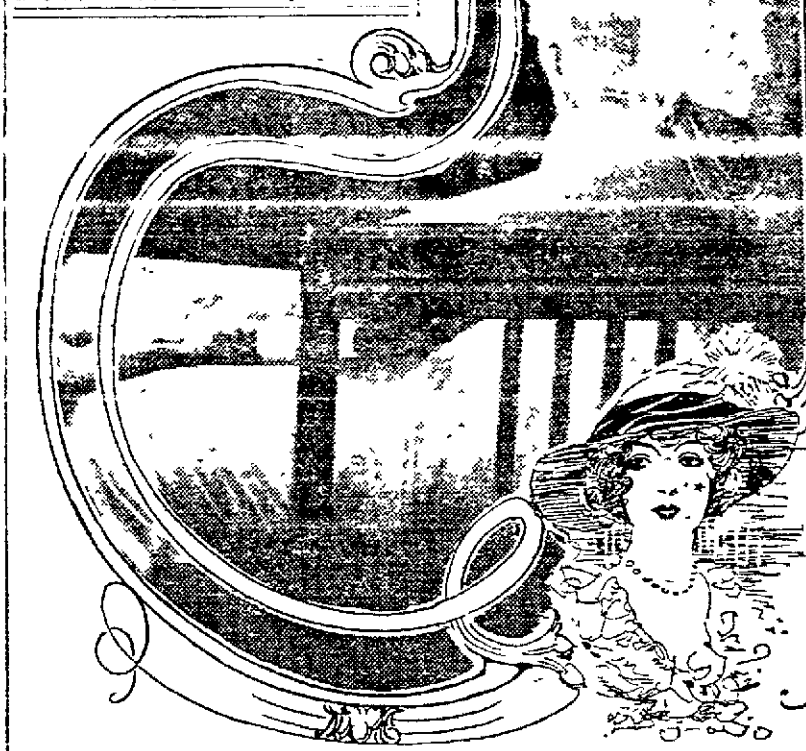

They Say It Isn't a Rag;
Oh Gracious,
No!

Everyone has seen a claw-hammer—but the claw-hammer rag is something new. Students at the Manual Training and Commercial High school, whose work deals more with claw-hammers than books, invented the new dance, and Friday evening will see it done in public for the first time, when the students will entertain at the school.

The students will not necessarily wear claw-hammer coats. And it is not a rag—oh dear, no! It compares with the real rag very much as the claw-hammer compares with the ball-peen hammer of the

just as the little hammers of the carpenter are light and good only for ten-penny nails. At any rate, seeing is believing, and if the parents don't like it, it will follow the path of the

CHRISTMAS TREES TO MAKE
KIDDIES HAPPY AS MEMORIAL

CHICAGO, Nov. 6.—Many of the Christmas trees which will make Chicago children happy this year will be brought to this city next month from the woods of Northern Michigan through the efforts of a widow and her twin daughters. The husband of the family lost his life last winter when the Christmas tree ship Rouse Simmons, of which he was captain, went to the bottom of Lake Michigan during a storm.

Mrs. Herman Scheunemann of this city, the widow, is now in the Michigan woods directing a force of men in the work of cutting the trees. Her twin daughters, Elsie and May, are looking over the Chicago shipping lists for a vessel in which to bring the trees to market in this city.

"We are determined to keep up the work father began and carried on for twenty years," said Elsie yesterday. "Mother made several trips with father and knows just what to do in the woods; but it isn't business alone that actuates her. Since father went down with the ship she has felt that she had a work to carry on as a memorial and is determined that one Christmas ship shall bear his name."

ELECT OFFICERS OF
BABY HOSPITAL

Election of officers to guide the destinies of the Baby Hospital during the ensuing year took place yesterday morning at the annual meeting of the organization for that purpose at the old Elmer home, Fifty-first and Dover streets. The officers elected were:

President, Mrs. Duncan McDuffie, first vice-president, Miss Mabel Ward, Barker, second vice-president, Miss Marian Ransome, Oakland, third vice-president, Miss Edith Waterman, Alameda, recording secretary, Mrs. W. W. Douglas, corresponding secretary, Mrs. Frederick Magee, treasurer, Mrs. Walter Snodgrass, and assistant treasurer, Mrs. Myrtle Smith.

The organization is formed of prominent women of Oakland Alameda and Berkeley, each of which communities is represented among the vice-presidents. It was organized for the care of babies up to the age of 5 years, and is a totally distinct project from the Children's Hospital, which was organized in Oakland at the same time. In last December, a contest between the two hospitals was held, and in June of this year opened a clinic for babies there, which is in charge of Miss Bertha Wright and a corps of physicians of the east bay cities, who tender their services without remuneration three times a week. It is expected to be able to open the hospital proper very soon.

A visiting nurse will be a feature. She will give instructions and demonstrate the proper care of babies and the proper method of feeding them.

RIDGWAY NOW HEAD
OF TERMINAL COMPANY

MEMPHIS, Tenn., Nov. 6.—A. C. Ridgway, vice-president of the Chicago, Rock Island and Pacific railroad was elected president of the Arkansas and Memphis Bridge Terminal company at a meeting of the directors yesterday. The company is constructing terminals here and a bridge across the Mississippi river and the meeting was called to give representation to several railroads which joined the Rock Island and in financing the undertaking.

Mr. Ridgway succeeds H. U. Mudge, president of the terminal company.

POOR MAN'S TRIBUTE.

CHICAGO, Nov. 6.—From beneath the great wealth of floral offerings at the funeral of Edward Morris yesterday was found the tribute of a poor man to a millionaire in two roses, to which was attached a card reading: "I thought more of Mr. Morris than of any man in the world."

SENATORS TO LECTURE
AT SUFFRAGE SCHOOL

WASHINGTON, Nov. 6.—Announcement was made today at the headquarters of the National Women's Suffrage Association that Senator Chamberlain of Oregon, and Senator Owen of Oklahoma, have agreed to lecture at the women's suffrage school to be opened here December 8. The school will start immediately after the convention which begins about the first of the month.

New Jersey leaders of the movement have completed plans for the visit of a large delegation on November 15, to visit President Wilson to get his support for women's suffrage. Mrs. Millard Boardman of New York, will be among the leaders to welcome the New Jersey delegation.

JURY DISAGREES.

PORTLAND, Ore., Nov. 6.—The jury in the E. E. von Klein case, after 20 hours' deliberation, was called into court yesterday and discharged after filing a verdict of disagreement. Von Klein was on trial for the second time on the charge of stealing \$2500 worth of diamonds from Ethel Newcomb, after marrying her polygamously.

SAGE TEA DANDY
TO DARKEN HAIR

Look Years Younger! Use the Oldtime Sage Tea and Sulphur and Nobody Will Know.

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a 50 cent bottle of W. E. Sage and Sulphur Hair Remedy at any drug store. Millions of bottles of this old, famous

Sage Tea and Sulphur Hair Remedy says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggy and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks, who

without knowing, so get busy with Wyeth's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

Circulation guaranteed to equal that of any newspaper in Oakland. Suggestions Solicited.

Look out for the baby! Don't take any chances on getting stale or inferior baby foods.

It is best (because it's safest) to always get everything for baby at Bowman's.

We keep only the best of infants' requirements. We instruct all manufacturers to make us regular shipments so

ways fresh. We have babies ourselves and we know what it means to keep them in health.

It is an old saying that "you're safe at Bowman's," and it applies most emphatically to the items made to keep babies well and happy.

Whether you want babies' food or baby rattles or castile soap or talcum powder or anything else of like character, you're safe at Bowman's.

Have you bought an umbrella? If you're counting the dimes nowadays you'd better go to Bowman's for Umbrellas.

We did the biggest one-day umbrella business in our history last Saturday. Oakland folks have evidently at last learned that Bowman's are headquarters for umbrellas, and are coming here for them.

Our assortments range from 20c up, and we specialize upon umbrellas at \$1.00, \$1.50 and \$2.50. Of course we have them at the higher prices (some even at \$20 and \$25), but the moderately priced line is shown in greatest assortment.

There is no need to pay a big price for an umbrella for some other fellow to walk off with. Better get a dollar one at Bowman's and snap your fingers at fate.

These are strong words and we fully realize their import. We procured the bags under very unusual circumstances and will not be able to get any more, so advise all of our customers to get in on the sale.

These bags all carry our usual guarantee and should last indefinitely. They're made with a heavy fabric insertion between two layers of pure

rubber and were made to sell at \$1.25 each. There is no other bag made (except the very highest grade of pure rubber bags) that will

sound all-around satisfaction that you get out of fabric insertion bags, for the layer of fabric, as it is with an automobile tire, gives the bag durability, otherwise impossible to secure at nominal cost.

Cheap plan rubber bags never give satisfaction and we prefer not to sell them. These 75c bags will be a long time before you have another opportunity equally advantageous.

ARE YOU LUCKY ENOUGH TO OWN A FOUNTAIN PEN?

Do you know of Anybody Who Was Ever Dissatisfied With Any Pen That Came From Bowman's?

Do you know any one who ever bought a fountain pen at Bowman's who isn't absolutely satisfied?

If you do send him right in post haste and let us make him satisfied. We guarantee fountain pens just the same as we guarantee everything else that we sell in the store.

A pen is good or bad, according to the individual peculiarities of the person who uses it. Frequently they're given as presents and a person who likes a fountain pen will use one and, through no fault of ours, is dissatisfied. The thing to do is to bring it in right away or any time, but bring it in and we'll get the money back or a new pen that is satisfactory.

If you're an old, worn-out pen bring it in and trade it for a new one. If it's an old Waterman we'll allow you 50% off the original price, no matter where you bought it.

CHARGES INTIMIDATION AS SLAVERY WITNESS

SEATTLE, Wash., Nov. 6.—John Doe, a member of the Grand Jury, was arrested by the police last night

on complaint of Miss Jessie Graham, 22 years old, who said Bays was trying to prevent her appearing as a witness in a white slave case in the Federal court at Kansas City.

Miss Graham said that so far Bays had only attempted to persuade her to leave the country, but she was afraid he would use force to get her to go to Canada. She said that in Tacoma recently Bays took her trunk from her when she was preparing to leave.

HOLD UP JAPANESE
HOTEL; GET \$200

Eight Masked Men Compel the Proprietor to Open Safe.

TACOMA, Wash., Nov. 6.—Eight masked bandits held up a Japanese hotel shortly before midnight last night and compelled the proprietor, G. Makarawa, to open the safe from which they took \$200 and two watches. A number of guests who were sitting in the office when four of the robbers entered, their companions remaining on guard outside, were compelled to lie flat on the floor while the robbery was in progress. Z. Martinez, a Filipino aged 18, came down to the office from his room to get a drink of water just as the bandits were taking their departure and gave a cry of fright as he saw the masked men. One of the robbers shot him in the head but the wound is not believed to be fatal.

When the police arrived on the scene no trace of the robbers could be found. Within the last month a number of robberies of which Japanese in and about Tacoma have been the victims have occurred and the colony is terrified.

TOURIST PLAN
IS ENDORSED

Oakland and San Francisco Delegates Meet With Sacramento Body.

Led by Joseph E. Caine, managing director of the Oakland Commercial Club, Oakland delegates to the Tourist Association, with members of this organization from San Francisco and other bay cities attended in a body, the session held last night at Sacramento with the Sacramento Chamber of Commerce, when the proposed expenditure of \$55,000 to attract tourists here during the exposition was enthusiastically endorsed. President J. E. Caine of the Sacramento Board of Supervisors and President M. J. Burke of the city commissioners both declared that their organizations would contribute to the cause.

Felton Taylor, secretary of the San Francisco Convention League, was also present when he announced that his books showed that 113 conventions would be held in San Francisco during 1915.

Frederick Whittion of the San Francisco Chamber of Commerce, president of the Tourist Association, declared that the movement was a co-operative one, and announced that the Tourist movement would be formally organized at a meeting in San Francisco November 12. Whittion declared that Central California would have its greatest opportunity to show hundreds of thousands of tourists its real resources during 1915.

Henry Milau, director of the Sacramento Chamber of Commerce, declared that he was much impressed with the movement for which the Tourist Association stands.

Joseph E. Caine, of the Oakland Commercial Club, Francis Smith of the Oakland Chamber of Commerce, Charles K. Field, editor of "Sunset Magazine," San Francisco and E. D. Moore, managing director of the Tourist Association.

POSTOFFICE CLERK IS
ARRESTED FOR THEFT

SAN FRANCISCO, Nov. 6.—George P. Quatman, a clerk in the mail division of the postoffice, was arrested today by Postoffice Inspectors Martin and Roberts upon a charge of stealing letters. Quatman is said to have confessed to the inspectors that he stole several letters recently, obtaining a sum less than \$10. Quatman, in his confession, is said to have asserted that he tried appropriating the mails because his wife and three-month-old baby were in need of money, and that he could not keep his home going on the nominal salary of \$66 per month. Quatman, with his wife and baby, lives at 1800 O'Farrell street.

MUSEUM GETS RELICS.

EDINBURGH, Nov. 6.—Andrew Carnegie has presented to the Dunfermline museum a number of articles which belonged to his father, William Carnegie. The contributions include a Bible printed in 1791 and a pocketbook filled with manuscript notes referring to the weaving trade. These were sent by Carnegie anonymously last summer, but the identity of the sender has just been learned.

Can't Help But
Admire Babies

Every Woman Casts Loving Glance at the Nestling Cuddled in Its Bonnet.

A woman's heart responds to the sweetness of a pretty child, and more so today than ever before, since the advent of Mother's Friend.

This is a wonderful external help to the muscles and tendons. It penetrates the tissues, makes them readily yield to nature's demand for growth, and is a sure preventive for caking of the breasts.

And particularly to young mothers is this famous remedy of inestimable value. It enables them to preserve their health and strength, and they remain pretty by having avoided all the suffering and danger that would otherwise accompany such an occasion.

period of pain, discomfort, straining, nausea or other symptoms so often distressing during the anxious weeks of expectancy.

Mother's Friend thoroughly lubricates every nerve, tendon and muscle involved, and is a sure preventive for caking of the breasts.
